Letter of Recommendation for Sam Inman, Windermere Realty

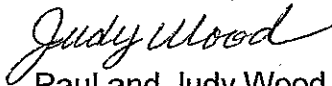

We are pleased to provide a reference for Sam Inman of Windermere Realty based on our business relationship with her during 2008 and 2009.

We listed our spec house with Sam after a disappointing listing experience with another realtor. Sam was always honest, upbeat, and communicated all showings and feedback from prospective buyers and other realtors to us. Our former realtor never knew about other showings when they happened and never provided any sort of feedback to us. In fact the only time we heard from the other realtor was when he asked us for a price reduction.

Our spec house closed escrow on April 30, 2009 and went smoothly thanks to Sam.

Sam is really on top of her business and we always knew we were in the best hands in the real estate business. Sam exceeded our expectations as a real estate professional so it is our pleasure to highly recommend her to other home buyers and sellers.

Kind regards,

Paul and Judy Wood
